

**NCDOT TO HOLD A DESIGN PUBLIC HEARING ON OCTOBER 11 FOR THE
PROPOSED WIDENING OF EAST JOHN STREET-OLD MONROE ROAD (S.R. 1009)
THROUGH MATTHEWS, STALLINGS AND INDIAN TRAIL IN
MECKLENBURG AND UNION COUNTIES**

TIP Project No. U-4714

The [N.C. Department of Transportation](http://www.ncdot.gov) (NCDOT) will hold a public hearing on Tuesday, October 11, beginning with an open house from 4 to 6:30 p.m., followed by a formal presentation at 7 p.m. at the **Stallings United Methodist Church, 1115 Stallings Road in Matthews.**

The proposed project would widen East John Street-Old Monroe Road (S.R. 1009) from Trade Street (S.R. 3448-S.R. 3474) to Wesley Chapel-Stouts Road (S.R. 1377) in the Towns of Matthews, Stallings, and Indian Trail. The project is about 6.5 miles long.

The purpose of the project is to improve existing and projected traffic flow and relieve congestion. The project will address the need to increase capacity and improve mobility for pedestrians and bicyclists along the corridor. The Federal Highway Administration approved the Environmental Assessment (EA) for the proposed project in July 2016.

Interested individuals may attend this hearing any time during the above hours. Project mapping will be displayed and NCDOT representatives will be available to answer questions and receive comments. Written comments can be submitted at the meeting or later by **November 11, 2016.** The formal presentation at 7 p.m. will include an overview of the alternatives development process, the preferred alternative, the state-federal funding relationship, right of way and relocation procedures. The presentation and comments received will be recorded and considered in the final design process.

Maps displaying the preliminary design of the preferred alternative and a copy of the Environmental Assessment (EA) are available for public review at the following locations:
